## GERMANS CAPTURE HANGARD WHERE THE AMERICANS AND THE FRENCH ARE BATTLING

Enemy Takes City During Night and  
is Driven Out But Retakes it  
This Morning

PAYS PRICE IN CASUALTIES

French Still Hold the Outskirts—  
Desperate Fighting Continues  
East of Amiens

BRITISH MAKE PROGRESS

Situation at Villers-Bretonneux  
Looks Better—Increased Ar-  
tillery in Lorraine

(By United Press.)

Paris, April 25.—The Germans have captured Hangard where American and French troops are fighting shoulder to shoulder, the French war office announced today.

"The enemy took the city during the night but were driven out by our counter attack," the statement said. "It was then retaken by the Germans at the price of heavy casualties. The French hold the outskirts. Artillery fighting continues with violence on both sides of the Aisne."

Fighting East of Amiens

With the British Army in France, April 25.—Desperate fighting boiled on the heights east of Amiens throughout the night.

Tanks were used on both sides for the first time in history. As this is the situation at Villers-Bretonneux looked better. British counter attacks have made progress, driving the Germans out of woods west of the city. The situation in the town itself is uncertain.

Two British tanks crawled up and down the line, moving down the German infantry in rows.

American Sector Bombarded

With the American Army in Lorraine, April 25.—German artillery fire is increasing in the American sector in this region.

Reports show that the recent German attacks against American positions were lost to the enemy.

The type of enemy troops used here is believed to constitute a mobile organization for testing the strength of the allied lines, especially where there are Americans.

Strikes on Two Sectors

London, April 25.—Hindenburg is striking simultaneously in Picardy and Flanders.

While the battle still raged around Villers-Bretonneux today in the drive against Amiens the Germans were thrusting against the northern line of the Flanders front.

The enemy suffered a reverse on both fronts, Haig reported today. Northeast of Bailloul in Flanders the French repulsed a heavy attack yesterday but the assault was renewed this morning and was being pressed on a wide front, including the sector held by the British.

North of Villers-Bretonneux the enemy attacked 3 times but was repulsed with loss. The enemy used a few tanks, the statement said.

"North of Bailloul late yesterday evening the enemy attacked the front, but were repulsed early this morning. The attack was renewed against the British position, together with the British sector to the east, following an intense bombardment. The fighting continues on a wide front."

Americans at Amiens

London, April 25.—American troops are aiding in the defense of Amiens.

The units, the French official statement discloses, are holding po-

## British Loss In Munitions Is Not Large

Winston Churchill Says 1,000 Can-  
nons, 4,000 Machine Guns and 3  
Weeks Manufacture of Munitions  
Are Lost in Present Battle.

(By United Press.)

London, April 25.—Winston Churchill, minister of munition, announced that the British losses in the present battle include 1,000 cannons, 4,000 machine guns and between two and three weeks manufacture of munitions.

"We now have more serviceable guns than at the beginning of the battle," Churchill said, "and have added twice the number of machines. Given loyal support by the workers, we can go through the 1918 fight on the present scale without breaking into the 1919 requirement."

"Every lost tank has been replaced with one of a newer and better pattern."

"We are now making more planes in a week than during the entire year of 1914 and our output in 1918 will be many times that of 1916. Women are making nine-tenths of our output of shells."

sitions south of the Somme and along the river Avre in conjunction with the French.

It was against these positions that the Germans directed their heaviest attack in the resumption of their offensive yesterday morning. The fighting is continuing along a wide front.

Admits Dispute is Serious

The Hague, April 25.—Foreign minister Londer speaking in the chamber of deputies today admitted that the dispute with Germany over the use of Dutch sand and gravel is "most serious."

Relations between Holland and Germany over demands by Germany are still serious and it is reported that little progress has been made toward an agreement. The Dutch minister to Germany and the German minister to Holland have left their posts.

Germans on Westphalian Border

The Hague, April 25.—The Germans cavalry has appeared along the Westphalian border hitherto guarded only by small troops.

A strong German note demanding a quick reply has arrived. The main demand is for free transportation through Holland to Belgium.

Westphalia extends along the greatest part of the Dutch frontier.

Forty-Nine Casualties

Washington, April 25.—Forty-nine casualties listed by the war department today showed two killed in action, 6 died of wounds, 7 of disease and 4 of accident; 5 wounded severely, 24 wounded slightly and one death from gun shot wounds.

Fails to Impede Germans

Berlin, April 25.—"The British naval attack at the Zeebrugge and Ostend failed to impede German naval operations," the German admiralty announced today.

Lord Rothermere Resigns

London, April 25.—Lord Rothermere, chairman of the British aircraft board, has resigned, it was announced today.

Long Range Gun Going

Paris, April 25.—The long range bombardment of Paris was resumed last night.

## TWIN BROTHER TO BARBARISM

Mormonism Called Barbarism in  
Character by A. L. Latimer Be-  
cause it Countenances Slavery

LECTURE AT THE M. E. CHURCH

Says Some of Oaths Administered  
Are Disloyal and That Doc-  
trine Spreads Over World

"Mormonism is a twin brother to barbarism in that they both countenance slavery," declared Arthur C. Latimer, former high priest in the Mormon church, at the meeting held in the St. Paul's Methodist church last night when he disclosed the strange, shocking secret rites of the Mormon temple.

Dr. Latimer addressed a packed house at last night's meeting, being brought here by the Rushville Ministerial association, the members of which were eager for the people of Rushville to know more of the Mormon kingdom which has its seat at Salt Lake City, Utah, and which is seeking by its missionaries to convert not only the people of the west but the people of the entire world.

"Members of the Mormon faith, upon leaving the temple, where for the first time they take the solemn oaths binding them to Mormonism, have become slaves to the book of Mormon," stated the speaker. "They are enslaved not only religiously but commercially, politically and morally."

"Politically, because in times of country-wide elections they are forced as a body to vote as one—voting for the party which they believe will be the most likely to further the desires of their church."

The Mormon vote controls the Western states, declared Mr. Latimer, and yearly that control is growing stronger. In proof of this statement the speaker quoted statistics which show that during the past year there has been an increase of 83,000 members in the church.

From experience the speaker told of the outrageous manner in which the church controlled the commercial life of its members. On becoming a member of the church the faithful are forced to give up their entire estate and ever after one-tenth of their annual incomes goes towards its support.

In order to become high priests and to obtain the highest seats in "heaven" hereafter, it is necessary to pass through the holy of holies in the Mormon temple at Salt Lake City. Mr. Latimer recently passed through the temple where he witnessed the re-enactment of the Garden of Eden and heard the strange oaths administered and was among those who wore the secret garments with the strange symbols worn by Mormon missionaries. The speaker described some of the oaths taken as disloyal to the country and accused them of the most shameful conduct, including the practice of polygamy.

"The most vital question of the day in our country is the so called church of Jesus Christ and the Latter Day Saints," emphasized the ex-high priest. "Their missionaries have come out of the west; they are to be found not only in Indiana, in Rushville, but they have crossed the sea and are preaching their doctrine in the country of the German kaiser, in Austria, in England and France as the most rapid manner of rehabilitation of the world."

"Their high priests are found acting as chaplains in our army can-

## TROOPS TO PASS THROUGH FRIDAY

Thirty-Nine From Connersville and  
Liberty Will Eat Dinner Here  
on Way to Camp

A TRAIN ON THE L. E. & W. ALSO

Personel of Local Increment to  
Leave Here Saturday Morning  
May be Radically Changed

In view of the proposed movement of troops beginning tomorrow and continuing during the first of next week, Rushville will again be visited with hundreds of selectives enroute to Camp Taylor.

Thirty-nine white men, conscripts from Connersville and Liberty, will arrive here over the C. I. & W. at 10:51 tomorrow morning and be taken to one of the down town restaurants for dinner after which they will join the men from the section north of here and proceed to Louisville on the Big Four in company with draftees from Elkhart, Goshen, Warsaw, Wabash and Anderson. The train from the north will arrive here at 12:25 and arrive in Louisville at 3:45.

With the exception of the men from Liberty and Connersville, who will get their dinners here, box lunches will be furnished to all the men on the train. The Greensburg men will secure lunches before boarding the train. A total of 670 men from the troop train passing through here and taking the boys from Connersville and Liberty will be added to the conscripts at the camp.

Another troop train over the L. E. & W. carrying 408 men to the camp will pass through this city tomorrow afternoon at 3:50. The prospective soldiers on this train will be from Angola, Auburn, Ft. Wayne, Hartford City, Muncie, Cambridge City, Newcastle and Kendallville.

On Monday when the movement of colored conscripts to the camp will be made, five draftees from Connersville and Liberty will be fed here arriving at the same time the troops are to arrive tomorrow and leaving at the same time over the same road. The same arrangements concerning the box lunches for troops from the northern part of the section, have been made. Twenty-eight colored men will be sent to Camp Taylor Monday from Wabash, Marion, Anderson, Connersville, Liberty, Greensburg and Shelbyville. The two colored registrants in the local quota will also board the 12:25 train here Monday for Camp Taylor.

Prospects were today that the personnel of the increment leaving here Saturday morning at 7:10 would be changed considerably from the list arranged last Saturday by the board. One or two may be left until later because they can qualify as farmers "completely and assiduously" engaged in the work. Still another selected last Saturday has made arrangements to be sent by the Jennings county board where he is now employed. Just who will be sent will not be definitely settled until tomorrow when the men report to the board. If any fail to show up, substitutes will be arranged for by the time for entrainment.

Lima, O., Apr. 25.—Federal agents are investigating three fires that started simultaneously in the Lake Erie & Western railroad shops here last night and practically destroyed the plant, valued at \$500,000. One arrest has been made.

Pass Minimum Quota of \$53,700,000  
in Liberty Loan Campaign Today  
With Subscriptions Amounting to  
\$53,799,800.

(By United Press.)

Indianapolis, Ind., April 25.—Indiana counties in the seventh federal reserve district today passed its minimum quota in the Third Liberty loan campaign. The total was \$53,799,800. The quota was \$53,700,000. It is hoped to obtain a 50 per cent over subscription before the close of the campaign.

## AN AMERICAN LINER SINKS AT HER DOCK

St. Paul's Sea Cocks Are Supposed  
to Have Been Open, Either From  
Accident or Design

TWO WORKMEN ARE INJURED

(By United Press.)

New York, April 25.—The huge American Liner St. Paul sank at her dock at the foot of 21st street shortly after noon today. Her sea cocks were supposed to have been open, either from accident or design. There was no loss of life as far as is known. Two workmen were hurt. The steamer was coming from dry docks where she had been undergoing repairs.

As she was coming into her pier in the North river, she began to sink. She settled slowly into the river bed and is now lying on her side only partly submerged.

A heavy guard of soldiers and police were instantly thrown about her. The sinking is being investigated by federal authorities.

## OMER SMITH SENT TO STATE REFORMATORY

Will Have to Practice Jail-Breaking  
Proclivities at Jeffersonville  
—2 to 14 Years

BEGINS HIS SENTENCE TODAY

Hereafter Omer Smith of near Gings will have to practice his jail-breaking proclivities at Jeffersonville because he was taken to the state reformatory this morning at 7:10 o'clock to begin a term of from two to fourteen years.

The sentence was imposed by Judge Sparks in the circuit court yesterday afternoon after the jury had found Smith guilty of second degree burglary, with intent to commit a felony, as charged in a grand jury indictment. The jury deliberated only about thirty minutes.

Although Smith denied breaking into Jacob Clifton's store at Gings, Sunday night, April 8, Orville Ralston, who was with him, told a straight-forward story on the witness stand of the robbery.

MAY FORBID FOOD EXPORTS

Buenos Aires, April 25.—The Argentine cabinet held a special meeting last night to consider curtailing, and probably prohibiting the export of all foodstuffs in consequence of the increased cost of living in Argentina. It was decided to make no final decision in the matter until Finance Minister Salaberry has submitted a report that he was requested to make.

SUBSCRIPTIONS COMING IN

Women Complete Reorganization For  
Second Part of Drive and Be-  
gin to Make Reports

NEED ABOUT \$50,000 YET

Total Reported by This Branch is  
\$141,250—Boy Scouts Sell  
\$28,000 Worth of Bonds

Optimism prevailed among the loan workers in Rush county today when, following the readjusting of the canvassing committee, reports of rapid advances in subscriptions were sent in to the headquarters of both the men and women workers.

Definite arrangements have been made for the Liberty meeting to be held in the auditorium of the Graham Annex Monday evening when a supreme effort will be made to complete Rush county's allotment of \$750,000, counting the 50 percent excess. Claris Adams of Indianapolis, candidate for the nomination of prosecutor of Marion county and one of Indiana's most able speakers, will deliver the address of the evening. In addition there will be a reel of war moving pictures shown and a musical program given by the high school glee club.

An effort is being made among the men of the county to keep the bond purchases in the hands of the people as far as possible and with this end in view the committeemen are still most desirous of receiving personal subscriptions, no matter how small the bonds are.

"We Must Go On"—the slogan adopted by the women canvassers tells of the excellent spirit of cooperation which prevails among the solicitors, most of whom have signified their willingness to continue their work until every available dollar in Rush county has been turned into the nation's treasure chest.

Following Monday's report when the women canvassers reported an over-subscription, there was a slight lull in the women's campaign while the forces were being reorganized toward the second objective. The preliminaries to the second part of the drive were rapidly made, however, and this morning Mrs. Claude Crane, chairman for Anderson township, reported that her canvassers working toward the second objective have turned in a total of \$15,300 which is a gain of \$3,000 over the last report. Anderson township is only one of the many townships in the county in which the women have risen enthusiastically to the appeal for over-subscriptions.

There is much to be done in the county yet, according to the word which is being sent out to the township workers by the county chairman of women's activities, much to be accomplished by the women which the men have not done. Already Rush county women have raised \$141,250 but in order that the fifty percent excess quota may be reached the subscriptions must total \$185,625 which means that an additional \$50,000 must be raised before the end of the campaign.

The Boy Scouts are climbing to their goal which has been set at \$50,000 steadily. The canvass of the city has been almost completed and some teams are already beginning their subscriptions in the rural districts and smaller towns of the county. Up until last night \$28,000 was reported. A group of scouts went to Carthage this afternoon. They will also try to canvass Milroy, Manilla, New Salem, Glenwood and Arlington.

## SUIT TO RECOVER \$655.61

Filed by W. C. and Blanche E. Smith Alleging Overpayment on Farm

William C. and Blanche E. Smith have filed suit against Martin Kelly, as trustee, Walter Thomas, Lien and W. S. Oneal, George V. and Walter Conway and Martin Kelly to recover \$655.61 which they alleged they overpaid the defendants in settling for the John Churchill farm. The complaint says an agreement of sale was reached at \$132.50 an acre, but a mutual mistake was made on the acreage. The price agreed on was \$14,739.50, which was paid under protest by the plaintiffs with the reservation they would bring this suit, they allege, based on the assumption there were 111.24 acres in the farm. The complaint says there are only 106.292 acres.

## BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

"Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. It is the only way to get this natural color and lustre back at home, which is money and trouble-some. Nowadays, by asking at any drug store for 'Wyeth's Sage and Sulphur Compound,' you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. 'Wyeth's Sage and Sulphur Compound' is a delightful toilet preparation for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## WILL DISCUSS CHURCHES PART

Conference of Rural Ministers and Laymen Called For Purdue on June 3, 4, and 5.

## HAVE WELL KNOWN SPEAKERS

Win Plan For Something Worth While in Winning War and Reconstruction Period

Lafayette, Ind., April 25.—To discuss the part the church can play in winning the world war and its task in the reconstruction period, a conference of rural ministers and laymen of every denomination in Indiana will be held at Purdue University June 3, 4 and 5. The church has a highly important part to play in the present world crisis and the entire three days will be devoted to problems arising in meeting this situation.

Speakers of national reputation will be on the program and the best and most practical church men in Indiana, men who have actually solved rural church problems and who can point to a record of achievements, will tell their stories. A feature of the conference will be a tour of inspection of the University which the committee of ministers who decided on the date and place of the meeting insisted in having.

"There will be no hot air by long winded speakers, but each man will have something worth while to say regarding problems right here in Indiana and how they may be met," said Prof. G. M. Frier, who with the Rev. O. F. Hall of the University, is arranging the program. "In other words we are going to see that something really worth while is accomplished and that the three days spent here will be well worth the time of the pastors and laymen who attend."

The conference will be the third of its kind held here, the other two having been in 1915 and 1916. However, the war this year makes the meeting entirely different from any of the others. Every congregation in the state, regardless of denomination, is urged to send the minister and some laymen to this meeting. Programs and other information of the meeting will be mailed to every minister in the state whose name can be obtained. It is hoped that at least one laymen from each congregation may attend.

## LOCAL GIRL'S PUPILS HAVE NOTABLE RECORD

Sixth Grade of Valparaiso School Taught by Anna Gillispie Buys Stamps and Bonds

The sixth grade of the Gardner school at Valparaiso, Indiana, which is taught by Miss Anna Gillispie, daughter of Mrs. J. F. Gillispie, of this city, has a notable record in patriotism. There are only thirty-five pupils in the room, but they, together with the teacher, have invested \$190 in War Savings stamps alone. Everyone in the room owns a Thrift stamp or a War Savings certificate.

There are nine children who own Liberty Bonds and eleven Red Cross members. Three Boy Scouts are enrolled and all have sold \$250 in War Savings Stamps to outsiders.

The name of the Thrift Club is "Over the Top," and they are ambitious to remain there.

This room, has organized a War Saving Society with John Finney president and Harold Seivers, secretary. The society held a patriotic meeting recently and had a splendid program.

## MUST HAVE PERMITS TO SELL PURE ALCOHOL

Druggists Have to Give \$1,000 Bond to Federal Government and \$500 to State to Buy It

## CAN SELL MIXTURE HOWEVER

Druggists can no longer sell pure alcohol at all and unless they have a federal and state permit, both supported with bonds, they can not even buy it. Although druggists may sell a mixture containing pure alcohol without a prescription, they can not retail the alcohol itself without laying themselves liable to a severe penalty.  
Druggists under the terms of an act of last October, have had to provide a bond for \$1,000 before a permit was issued by the federal government even to buy pure alcohol from a wholesale house. The permit is issued by the internal revenue collector. Now under the terms of the state prohibition law, a similar permit has to be obtained from the clerk of the county court and a bond of \$500 supplied. One druggist called at the clerk's office yesterday inquiring about this permit. He said he had been informed by a wholesale drug store that in some counties a waiver was being given in lieu of the permit until the state supreme court rendered a decision on the dry law, but no such instructions have been received here.

## Satisfaction in Knowing the Truth About Rugs

You will pay the same for Whittall Rugs in Rushville that you will pay in Chicago, New York, Cincinnati, Indianapolis or any other large city in the United States. All prices on Whittall rugs are restricted—the same price everywhere. The large cities have no selling advantage over the smaller ones.

Put a WHITTALL Rug on your floor where there is the most walking—they will hold up, will not fade and the length of time they wear is proof of their splendid economies.

## Geraldine Farrar in "The Devil-Stone" A Masterpiece of Picture Production

"The Devil-Stone" is a story of weird fascination which presents Miss Farrar in a modern role, based upon the big theme of Superstition, brought down from ancient folk-lore and influencing the events in the life of a modern woman.

WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills and got relief. Eight bottles cured me." Safe, harmless, quick results. F. B. Johnson.—(Adv.)

A PUFF AND A BLOW.

In a Little While a Pain. Same Misery. No Relief Till Pepsinco is Found. Moral—Keep Pepsinco on the Table and Take After the Meal.

Pepsinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pepsinco, simply because it is always ready.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. said: "I wouldn't be without Pepsinco, if it costs ten times what it does." He said it keeps him well. Many persons say the same. Pepsinco is a true friend. It is guaranteed to help in every instance when the stomach bothers. All druggists recommend it and sell lots of it.

Lie Mills Are Active

In connection with war operations, a splendid plan to adopt is to refuse to believe any report that does not come officially from Washington. The lie mills of the enemy are active, and they are located in all parts of this country. It is the policy of the enemy to stir up discontent, apprehension and terror by any and every means in his power and he will scruple nothing in order to carry his point. Well he knows that any cause of anxiety or unrest subtracts from American efficiency.

Every loyal citizen of the United States should be assured of one truth—his government will advise the public freely of every circumstance in connection with war activities that directly affects said public. We do not have to depend on rumor for information, because the Bureau of Information is in existence for the purpose of supplying the people with the truth in every instance.

Just a few instances of needless worry over maliciously false reports might be cited. Recently the report was spread that ground glass had been found in the food of soldiers in some of the camps. The report was at once investigated by the authorities and found to be absolutely false and without the shadow of foundation—a malicious lie, deliberately circulated for the purpose of sowing alarm and discontent. When the falseness of the report was proven, the government reassured the public, and we have heard no more of the matter.

Then the report gained currency that some of the camps were located in notoriously unhealthy localities, and that epidemics of measles, meningitis and other diseases were raging. These, too, were given the lie by the government, and it was plainly shown that not in any camp had the death rates been above the normal for the country, and in most instances was in fact far below normal, demonstrating the health efficiency of the entire army cantonments. America can win the war! she will win the war. But she can subtract from her efficiency and unnecessarily prolong the conflict if she suffers herself to become alarmed over every idle report or malicious lie that is circulated. We must keep cool and apply every ounce of our energy in work that counts in aid of our government and the brave boys who are to fight our battles on the fields of Europe and on the seas.

Trust your government. It is right, and it has a due regard for your peace of mind, and everything that you should know that is calculated to effect that peace of mind will be duly communicated to you by those in authority.

Bury the products of the lie mills in utter unbelief. That way it will be harmless.

Rooted in the U. S. A.

It is announced by florists and nurserymen that one result of the war is a demonstration that this country is not really dependent upon Europe for seeds, bulbs or plants, although in the past it has obtained from there a large part of all three. It is to be regretted that it took a war to teach us that we can really be independent in this as in many other respects. We have remained dependent in the matter of dyestuffs. We have bought a considerable amount of cutlery, jewelry, laces, and innumerable other commodities from European producers because it was easier to do that than to learn how to make them equally as well ourselves. We still carry in our pockets knives with the word "Germany" imprinted on the blades. We are yet eating from plates with European imprints on the bottoms. Of course there are some isolated instances in which it is impracticable for us to produce as good an article as we can buy in other countries. In most instances, however, it is wholly a question of cost of production—the foreigner being willing to live on a lower scale and thereby produce at a lower cost. We have too often accepted the teaching of Prof. F. W. Taussig, now chairman of the Tariff Commission, who argues that we lose nothing if we can buy an article abroad if we buy it cheaper than we can make it at home. The fallacy of that argument is now apparent to everyone. We lose every time we send a dollar abroad to buy any article that we can reasonably make at home, even at increased cost. It is worth much to keep our money at home. We lose every time we send a dollar abroad to buy any article that we can reasonably make at home, even at increased cost. It is worth much to keep our money at home.

An Inside Bath  
Makes You Look  
and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is by far the most important than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten thousand bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

## MAY ATTEND SCHOOL CLOSER TO THIS CITY

Teachers and Prospective Teachers  
May Get Normal Courses at Muncie Branch of Normal

### SUMMER QUARTER ON JUNE 17

Since the Muncie National institute at Muncie has been taken over by the Indiana State Normal school, many of Rush county's teachers and prospective teachers who formerly found it necessary to go to Terre Haute to secure the desired work, will in the future be able to secure the course much closer to home.

Already C. M. George, county school superintendent, has received many inquiries concerning the state normal work for the summer and indications are that Rush county will send one of the largest delegations

## SUCCEEDS T. ABERCOMBIE H. A. Kramer Elected President of Rushville Gas Company

H. A. Kramer was elected president of the Rushville Gas company at the annual meeting yesterday, succeeding Theodore Abernethy, who died last Sunday. Mrs. Anna R. Churchill was elected vice-president to succeed Mr. Kramer. Guy Abernethy was elected to the board of directors to take the place made vacant by the death of his father and other directors were re-elected as follows: Theodore H. Reed, T. Rich Reed, Anna R. Churchill, H. A. Kramer and Ned Abernethy. T. H. Reed was re-elected secretary; T. Rich Reed, treasurer; Ned Abernethy, assistant secretary, and James G. Gregg, superintendent.

of teachers to preparatory schools ever in her history. The reason for this is probably due to the fact that the military training which the men are receiving has taken hundreds of them from the school leaving most desirable openings for teachers.

A letter received by Mr. George says that "A" and "B" courses and possibly some additional work will be offered during the summer quarter, which opens Monday, June 17 and closes Friday, August 30. As nearly as practicable the full four-year normal courses will be offered at the Muncie branch.

## ELEVEN GRADUATED FROM MILROY SCHOOL

The Rev. L. E. Brown Speaks and  
Lotus Male Quartette Provides  
Program at Commencement

### "SKYSCRAPERS" IS THE TOPIC

Diplomas were distributed among the eleven graduates from the senior class of the Milroy high school last night when the commencement exercises were held in the auditorium of the school building.

The Rev. L. E. Brown of this city delivered the commencement address, taking for his subject "Skyscrapers." A musical program was given at the opening of the exercises by the Inuit orchestra of Milroy and the Lotus Male quartet of Indianapolis. The diplomas were presented by C. M. George of this city, county school superintendent.

The stage on which the graduates were seated, was decorated in the national colors which had been chosen by the class as their colors. The graduates included Miss Elendore Lampton, Miss Mildred Anthony, Miss Lillian Harrison, Russell Harton, Carl Honey, Ralph Johnson, Wilbur Jones, Ray Kelly, Henry Mauzy, Fern Meyers and Paul Seright.

the young men of our country how to live upright, christian lives and as a result they are daily forcing their doctrines before the public, gaining more publicity and more prestige."

Mr. Latimer is working under the direction of the National Reform association in the behalf of the proposed amendment to the constitution forbidding polygamy. The resolution proposed by the association was read and adopted by the audience at the close of the meeting.

### Three Excellent Reasons

The demand at this time for educated men and women is imperative—because of three conditions; the enormously increased volume of trained service required; the positions vacated by men who have joined the colors; and the diversion of much of the normal supply of new workers to military activities. England and France are now suffering keenly because they did not anticipate these conditions. We must avoid such calamities for our country.

We must also prepare now for meeting effectively and sanely the problems of reconstruction which will follow the war by the collegiate training of the largest possible number of young men and women. The world will never again be what it was before. We must hereafter do things more intelligently as well as more honestly. The "rule-of-thumb man" must be supplanted by the educated man. We shall be compelled to perfect and utilize our man power as well as our material resources.

The strength of a nation is in its spiritual outlook, its vision, its morals. The Culture of Autocracy must be met with the Culture of a wisely led Democracy. To escape the hateful infection of cunning, cruelty and greed our population must be leavened with men and women who will go out to live in their respective communities as centers of radiation of refinement, of spiritual values, of intellectual interests and of humanity.

WILLIAM A. MILLIS,

## MRS. META SMITH IS DEAD IN LOUISVILLE

Rushville Woman Expires This  
Morning at the Home of Her  
Niece, Mrs. L. H. Wymond

### BROUGHT HERE FOR BURIAL

Mrs. Meta Smith, 82, a well known resident of this city died this morning shortly after two o'clock at the home of her niece, Mrs. L. H. Wymond in Louisville, according to telegrams received by relatives here.

Mrs. Smith had been in ill health for several months and was forced to return from Florida where she had gone to spend the winter, to the home of her niece in Louisville. Since her return to the north in February her condition steadily weakened. Death was due to a complication of diseases which resulted from Bright's disease.

From the time the deceased was sixteen years of age the greater part of her life was spent in this city. Aside from her niece who resides in Louisville Mrs. Smith leaves no near relatives. Her husband Henry Smith who was a well known farmer of this county, died sixteen years ago.

The body will arrive tomorrow evening at 5:30 over the Big Four and will be taken to the late residence at 406 North Main street. Short services will be held there Saturday morning at ten o'clock after which burial will take place in East Hill cemetery. A minister, accompanying the funeral party from Louisville will conduct the services.

### MAY GET COMMISSION

Sergt. Guy Newman who has been in a training camp at San Antonio, Tex., is in this city on a five days furlough. Sergt. Newman has just completed the course in a training camp for officers and has been recommended for a commission as second lieutenant.

## Our Personal Interest

Close attention to a given task develops personal interest in its smallest detail—it constantly unfolds new ideas and better methods which gradually but surely makes the worker an expert in his line.

Garments brought to us for cleansing, pressing or repairing are given our close attention. You may feel assured that the work will be done right. No matter what the job is or how small, we can guarantee satisfaction. Rags and carpets are now being cleaned, scoured, dusted, etc.

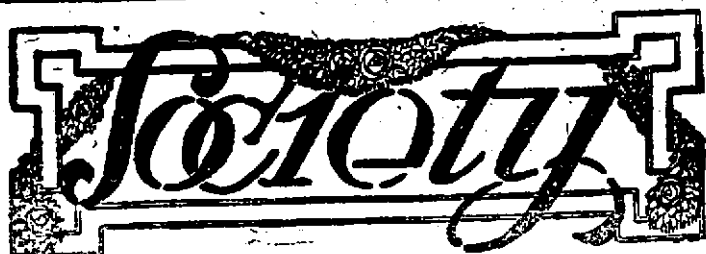

We maintain a repair department and can alter your clothing. Let us prove to you that personal interest usually marks the difference between doing a thing right and doing it wrong.

THE SUBWAY

The home of George Poston in North Main street was the scene of a prettily appointed dinner party last night when he entertained a party of boys and girls. Following dinner the guests were entertained at dancing after which they enjoyed a theatre party. The party included the Misses Elizabeth Pierson, Jean Sparks, Phyllis Casady, Marguerite Kelly, Josephine Scholl, Josephine Junken, Reba Beale, Leatha Higgins, Helen Thomas, Mary Louise Wyatt, Elvis McKee, and Earl Morton of Midway, Lotus Gartin, Harold Miller, Haven Frazee, Franklin Norris, Wayne Daubenspeck, Ralph Plessinger and Paul Spivey.

Honoring her house guest Miss Martha Ellen Hupp of Shelbyville, Miss Ethel Oakley entertained at her home yesterday with a prettily appointed dinner party. Dinner was served at noon and the dining room was arranged attractively for the occasion with greenery and spring flowers. Covers were laid for Miss Hupp, Miss Mildred Wolters, Miss Pauline Gosnell, Miss Reta Gilson, Miss Sylvia Lukin and Everett Oakley. Dancing and cards furnished entertainment for the guests during the afternoon.

Mr. and Mrs. Russell Ruff entertained at their home Tuesday evening with an informal evening party honoring William D. Cameron who will leave Friday for Camp Taylor to enter military training. Fifty guests were entertained and during the evening games and various contests entertained the guests. Dainty refreshments were served.

Honoring the out-of-town guests who will come for the district meeting of the Red Cross to be held here next Wednesday, a luncheon will be served at the Social Club at noon. Only the out-of-town delegates will be entertained, which will include about half a hundred guests.

Mrs. Roland Murray will entertain at her home in Glenwood Friday afternoon with an informal afternoon sewing party. The guests will include the members of the Friday afternoon embroidery club.

The members of the Thimble club will be entertained with a pleasant afternoon party tomorrow at the home of Mrs. Harrie Jones in North Harrison street.

Plum Creek Aid society in the afternoon at the home of Mrs. Linnea Hays, at 2:30.

Embroidery club with Mrs. Roland Murray in the afternoon at her home in Glenwood.

Mrs. William P. Stiers entertained with a delightful dinner party Sunday at her home near Mays Station, the occasion being the celebration of the birthdays of Mrs. Harriet Stiers and the Misses Elane Warriek and Della Downey. Covers were laid for the following guests: Mr. and Mrs. L. B. Downey and daughter Della, Mr. and Mrs. Frank Warriek and daughters Elane and Jeannette and son Gail, Edgar Stiers and son, Walter of Gwynneville, and Will Stiers of Mays.

Wawasa Tribe No. 193 of Red Men held a splendid meeting at Falmouth last night, the affair being in the nature of a farewell to the men who leave Saturday for Camp Taylor, Ky., to enter military service. Several interesting talks were made and cigars and candy were served. The meeting was closed with the singing of patriotic songs.

A reorganization meeting of the Ladies Aid society of the Plum Creek church will be held Friday afternoon at the home of Mrs. Linnea Hays. Several matters of importance will be taken up and a good attendance of the old members is desired as well as new members who will be taken in at this meeting.

Mrs. Charles Frazee was the hostess for the meeting of the 500 club yesterday afternoon at her home in North Main street. In compliance with the request of the food administrator the club has done away with the serving of refreshments of any sort.

Mrs. Jesse Poe entertained the Social Dozen club this afternoon at her home in North Morgan street. The guests included the regular members of the club and Mrs. Fred Warner of Indianapolis. The ladies spent the afternoon sewing.

Mahoning Council of the degree of Pocahontas will hold a called meeting at the Red Men's hall tomorrow evening. A large attendance is desired as business of importance is to be presented.

## About 700 Women are Registered

Successful Canvass Is Reported From County Districts, Many Registering for Poultry Raising, Gardening and Red Cross Work. Scores of Girls and Young Women Listed for Clerical Work and Few for Driving Motors.

Between six and seven hundred women in Rush county have registered for war service, according to a rough estimate made by women in charge of the registration.

In the county districts especially, the women are reporting a successful canvass. Center, Jackson, and Washington townships have all made excellent reports to the county chairman, indicating the splendid spirit of patriotism which prevails among the women of those vicinities. In all of the reports from the township chairmen turned in, they were met by only three or four women who refused to sign the pledges.

The majority of the women in the rural districts are registering for poultry raising, gardening and Red Cross work, offering their services on the part time, volunteer basis. Most of the women with families residing in the city are registering for Red Cross work on the volunteer basis while younger married women and women without families are registering for paid clerical positions of various kinds and for training as nurses.

Many of the teachers of Rushville are registering for paid clerical positions, according to women in charge of the cards. Young girls are signing for Red Cross work and a few have offered to drive motor cars. Scores of girls and young women have registered for telephone operators, typists, stenographers, books keepers and work along public lines.

The women who are in charge of the registration still find it necessary to lay emphasis on the fact that women are not to be drafted into positions for which they sign and that the registration is merely a method of obtaining the census of woman power in the nation.

Outdoor booths on Saturday afternoon are expected greatly to swell Rush county's number of registrants if the weather will permit.

A wedding announcement of interest to many of the younger people of Rushville is that of Miss Lucy Davison of Bloomington and Lieut. Lewis K. Murchie of the Three Hundred and Twenty-seventh field artillery, which took place last Saturday. The bride's father is professor of mathematics in Indiana University and the bride is a member of the Kappa Alpha Theta and Psi Iota Xi sororities. Lieut. Murchie is a former football star of the university. Both young people have many friends in this city.

### RED CROSS NOTES

Mrs. Willard Amos spent yesterday afternoon with the newly organized Red Cross auxiliary in Jackson township. This was the first meeting of the auxiliary.

Charles M. Mason has filed suit in the circuit court against Frank Gilson and Blanche L. Gilson for foreclosure of a mortgage.

### ANNIVERSARY SERVICE

Every Odd Fellow is requested to meet at the hall Sunday morning at ten o'clock for the purpose of attending the anniversary service at the First Baptist church to be conducted by the Rev. C. J. Bunnell.

Mrs. Jesse Trobaugh and children have returned to their home in Kokomo after spending a few days here, the guest of relatives and friends.

### Stop Itching-Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

Co-operating with the efforts of the nation to increase the production of foodstuffs during this season, E. C. McMahon, Big Four agent here, has received instructions from E. H. Zeigler, superintendent of the Michigan division of the road whereby much of the produce which is destroyed annually by fires from trains, might be saved.

During the summer weather there is always danger of fields being destroyed by fire from locomotives first catching the right-of-way grass and other vegetation and then spreading to the adjoining fields.

A manner in which the danger will be lessened and more food produced has been struck by railroad men, who have suggested that the right-of-ways be cultivated. They will be given free of rental charge to employees or outsiders on application, if they do not interfere with the operation of the railroads or obstruct the view.

Farmers are also advised to plow furrows around their fields next to the railroad right-of-way to prevent the spreading of fires. When the time for harvesting comes the grain should be shocked away from the tracks, the fields next to the track being threshed out first rather than those farther away where there is less danger of fire.

Instructions have been issued by the railroad that grates must not be shaken while passing wheat or oats fields where fires might be communicated thereto and that the front ends of the locomotives be kept in proper condition to prevent the escape of sparks.

The supervisors and civil engineers in going over the road also have been instructed to ride in the rear end, watching for fires and if any start, to throw off a note to the first section gang. Engineers must also be advised at once of fires in order that they can remedy the cause of the conflagration.

**ADD 2 STARS TO NEWSPAPER FLAG**

Earnest F. and Earl B. Marlatt Make Ten Men Who Have Been Called From Kenosha News

LEAVE FOR CAMP SATURDAY

Engage in Many Forms of Patriotic Work Since Joining News Staff Last Summer

When Ernest F. and Earl B. Marlatt of this city depart from Kenosha, Wis., to join the colors, two more stars will be added to the Kenosha News service flag. That newspaper has provided ten men for the army since last November. These two young men will leave with the local increment of selectives for Camp Taylor, Ky., Saturday morning. Walter Marlatt, their brother, is editor and general manager of the News.

A demonstration in honor of the Marlatt brothers is being arranged at high school for tomorrow afternoon when both will speak as a part of the educational week observance. Earl until this year was a member of the high school faculty and Ernest was principal of the Manilla high school. Concerning their departure from Kenosha, the News says:

The Kenosha Evening News adds two more stars to the fields of its service flag this week when Ernest F. Marlatt, city editor, and Earl B. Marlatt, associate editor, of the News, leave on Wednesday for Rushville, Indiana, to answer the call to the colors. Both of them received the familiar letters from the President on Sunday. They started out "greeting" and declared that they had been called for service with the quota of Indiana selected men which leaves Rushville on next Saturday morning for Camp Taylor at Louisville, Ky.

Ever since the day they traveled in the "stork basket" some twenty-six years ago, they have been accustomed to do things together and when the government called Earl Marlatt along with other selected men Ernest notified the adjutant general of Indiana that it had been accustomed for the name to go twice whenever it went once and after considerable manipulation the adjutant general recognized his claim and the board at the Indiana city was instructed to induct him into service right along with his brother.

It is the second start that the two Kenosha News writers have made for the army. A long while ago when the government sent out a call for men for the officers' reserve training camps, both Earl and Ernest Marlatt were among the first to be enrolled at Camp Benjamin Harrison, Indiana, as applicants for places on the roll of officers. They failed at this time to pass the medical examination and afterwards came to Kenosha and began their work as newspaper men.

They have been very active as workers in the second line trenches in Kenosha. Ernest Marlatt is a sergeant in the Kenosha Provisional Battalion and he has had a lot to do with the work of recruiting. He served as publicity agent for both Company M and Troop E when these two organizations were being recruited into service in Kenosha and has been the active correspondent in Kenosha for the members of the two companies. Earl B. Marlatt started his work for the government at Rushville as an organizer for the Red Cross. He was one of the first organizers for the Red Cross in Kenosha county. He was one of the charter members of the Kenosha Four-Minute-Men squad and has been a speaker at the theatres in Kenosha, along many lines of publicity work for the government at war. He has been in charge of the publicity work of the local committee in charge of the sale of the Third Liberty Loan bond issue.

The "News Reportorial Force," is carrying to camp a lot of enthusiasm for war and they are ready to serve in whatever capacity the government sees fit to place them.

The leaving of the Marlatt boys marks the sending of the second "twins" from Kenosha to take part in the great battle for world wide democracy. Joseph and Francis Wells, left some time ago, and they are now landing somewhere "over there."

**Fits Your Farm**

**Does All Farm Work Without Horses**

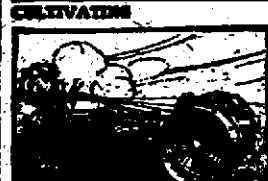

See for yourself how well the Moline Universal Two-Wheel Tractor FITS YOUR FARM. It cultivates as well as plows. It works on plowed ground without packing the soil. It is as easy to handle as a team of horses. It gets close into the fence corners, turns short and backs with tools attached. It is a real one-man tractor. You ride on the tool where you can see the work you are doing. You don't have to have someone run the tractor while you operate the farm implement, and finally, it DOES ALL FARM WORK WITHOUT HORSES.

**Costs Less Than 4 Horses Does the Work of 7 Horses**

With all the advantages named above the Moline Universal Two-Wheel Tractor is also low in first cost and very inexpensive to operate. It costs you less than 4 good horses. When it comes to pulling it has the power of 5 horses and because it travels faster and never tires, it will actually do the work of 7 horses.

**MOLINE UNIVERSAL TRACTOR**

will do anything you can do with horses and do it quicker, easier, better and with less hired help. Because all its weight is on two wheels — it has no dead weight to carry. All its weight is traction weight. It throws all of its weight into the pull. The tool you hitch it to forms the rear wheels. This gives two big advantages. FIRST: It does away with almost a ton of needless weight — which tractors of the 3 and 4 wheel types require. SECOND: It enables the operator to ride the tool instead of the tractor. In this way you can watch the work closely. You can turn short, get closer into fence corners than you can with a team and back with tools attached. If you have an average farm of from 80 to 300 acres you will find this one-man, two-wheel, all-purpose tractor ideally fitted for your work. Don't buy any tractor until you have investigated the Moline Universal.

## "Gets-It"—2 Drops— Then to the Dance!

"Goodnight to Corn Pains—Corns  
Peel Off With 'Gets-It'."

"Say, girls, you can laugh at  
tight shoes, or damp, corn-pulling  
weather, big bumpy corns, calluses  
on the soles of your feet, corns be-  
tween the toes, hard and soft corns,

"It's All Off With This Piece Corn Now—  
'Gets-It' Is Magic."

If you will just touch the corn or  
callus with a few drops of 'Gets-It'.  
What a blessed relief it gives to  
corn pains! You won't limp any  
more; you can enjoy the dance  
every minute. Then to see how  
that corn or callus will come right  
off complete, like a banana peel and  
without the least pain is just won-  
derful. 'Gets-It' is the biggest seller  
among corn removers in the world  
today, simply because it is so won-  
derfully simple and always works.  
Be sure you get 'Gets-It'.  
'Gets-It' the guaranteed, money-  
back corn-remover, the only sure way,  
costs but a trifle at any drug store.

Prayer Meeting

WAS SENT BY THIS DISTRICT

Miss Jessie Peters, a mission  
worker in Maradabad, India, will de-  
liver an address at St. Paul's M. E.  
church this evening following regu-  
lar prayer meeting services.

The mission worker, who was sent  
to India under the direction of the  
foreign missionary society of the  
Cincinnati district, is coming to  
this city at the request of the local  
foreign missionary society which has  
invited everyone interested in the  
work of foreign missions, to hear the  
lecture.

Miss Peters is home on a year's  
furlough.

## ONE REGISTRANT GETS INTO MARINES

Bert West Leaves For Paris Island,  
S. C. for Training—Two Others  
Fail to Pass

GEORGE TODD TO MAKE NAVY

Bert West, who has been employed  
by Earl Winship, south of the city,  
has gone to Paris Island, S. C., to  
train for the Marines, having been  
accepted at the Indianapolis recruit-  
ing station yesterday. His order  
number in the draft was 882 and he  
would probably have been called  
very soon, perhaps on the Post  
Thomas quota. Benjamin M. Grigs-  
by, whose order number is 1386 and  
who would probably not have to  
leave very soon, failed to pass the  
examination for the marines or navy  
either on account of poor eyesight.  
They were held at the recruiting sta-  
tion that it would be a waste of time  
for Keith Porter, of north of the  
city, to try to enlist because he has  
lost the sight of one eye. Porter is  
in class five in the draft but planned  
to attempt to break into the marines  
or navy.

George Todd of this city, another  
registrant who received a permit  
from the local board, failed to pass  
the examination for the navy on ac-  
count of his teeth, but will have them  
fixed so that he may be accept-  
ed in the next two weeks. Chester  
P. Winslow is another registrant  
who expects to try to enlist in the  
navy, but he probably will not be ac-  
cepted because he has been put in  
class five by the local board.

## CINCINNATI MAN WILL SPEAK HERE

Shelly D. Watts Will Deliver Prin-  
cipal Address At Red Cross Dis-  
trict Session

WILL ORGANIZE FOR DRIVE

At the district Red Cross meet-  
ing to be held in this city next Wednes-  
day afternoon, May 1, Shelly D.  
Watts of Cincinnati, head of the  
social service relief work for the  
Cincinnati district in which Rush  
county is located, will appear on the  
program. Mr. Shelly is one of the  
latest additions to the district work-  
ers.

Definite arrangements are being  
formulated for the meeting next  
week when initial plans for the Red  
Cross war fund to be carried on  
from May 20 to 27 will be made.  
Most of the nine counties to be re-  
presented at the meeting have sig-  
nified that their representatives will  
attend the meeting, which is being  
called especially for the heads of  
the various district departments and  
the chairmen of the county organi-  
zations. Township officials, how-  
ever, and other people interested  
in the Red Cross work, will be wel-  
come to attend the sessions which  
will open at 1:30 in the afternoon.

## VINOL CREATES STRENGTH

### Positive—Convincing Proof

It is all very well to make claims, but can they be proved? We publish the formula of Vinol to prove the statements we make about it.

It contains Liver and Kidney Pills, Iron and Cod Liver Oil, Potassium Citrate, and Sodium Citrate, and is a most valuable tonic.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question. This proves our honesty, and your protection.

### Appeal For Increased Production Meets With Ready Response All Over The County

### THREE PRIZES ARE OFFERED

Twenty Rush county farmers have entered the five-acre corn contest and have already begun preparations by which they propose to become winners of the first prizes offered by Purdue.

Marion Detrick is visiting farmers in every part of the county concerning the contest and everywhere his appeal to them for an increased supply of corn is met with enthusiastic assistance which results in most cases in corn growers entering the contest, the first prize for which will be awarded to farmers raising a hundred bushels of corn or more to the acre, the second from eighty-five to a hundred and the third prize from seventy-five to eighty-five bushels.

During the proposed meetings which will be held in various parts of the county in the next few weeks. Mr. Detrick will be enabled to see most of the farmers in the county and place before them the corn contest.

week-end with Mr. and Mrs. D. C. Williams. Mr. and Mrs. Williams and the Rev. Mr. Hoover were entertained by Mr. and Mrs. Green Thompson Sunday.

Mrs. Ben Carr has recovered after a long illness.

## PLANS MADE FOR SILO CAMPAIGN

Marion Detrick and W. A. Alexander, County Leader, Attending Meeting in Indianapolis

### TO INCREASE NUMBER IN USE

County Quota 136, It is Announced at State Conference—To Name Township Leaders

Preliminary plans for a county wide silo campaign for Rush county will be made at the state meeting of silo promoters which is being held in Indianapolis today and tomorrow.

Marion Detrick, county demonstration agent and W. A. Alexander, county silo campaign leader are attending the meeting and securing data by which to conduct the campaign here which will be begun under the direction of Mr. Alexander immediately upon his return.

A special effort will be made this season to get Rush county food producers to build silos as one means of cheapening the cost of food and increasing the amount which may be used.

Rush county's quota in the coming silo campaign will be 136, it was announced at the Indianapolis conference of county leaders in the silo drive today. Representatives from practically every county in the state were present and heard details of the general plan of action outlined by Maurice Douglas of Flatrock, state leader.

County leaders will call a meeting of their respective co-operating forces, such as Better Farming Associations, county agents, County Council of Defense and others within a few days when township leaders will be named.

The quotas for each county were obtained by using the number of livestock and silos already in the county. The township leaders will ascertain these figures for their respective townships and the township quotas then will be figured with the county quota as a basis. It is hoped to build 10,000 in the state this year.

### TO OBSERVE ANNIVERSARY

Odd Fellows Will Attend Baptist Church in a Body Sunday

The Odd Fellows will attend the morning service at the First Baptist church in a body Sunday morning in observing the ninety-ninth anniversary of the founding of the lodge. This is in accordance with an annual custom to celebrate the event on the Sunday following the anniversary. The lodge will be ninety-nine years old Friday. Members of Franklin lodge No. 35 are asked to meet at the hall at ten o'clock and march to the church in a body. The Rev. C. J. Bunnell will preach the sermon.

### The Best Thing to Do

**HEALTH**

**DISEASE**

A aching back may not mean anything serious, but it certainly doesn't mean anything good. When the kidneys are weak or disordered they cease to do their work, and instead of cleansing the blood of impurities, the waste products remain to attack the whole system, causing aches and pains in muscles and joints, irregularities of the bladder, puffiness under eyes, biliousness, erratic appetite and other ills and ailments.

### Foley's Kidney Pills

Invigorate, stimulate and restore to healthy action the organs that filter and remove the waste products therefrom. They strengthen the kidneys and bladder and tone up the liver.

George McLaine, Turtle Lake, N. D., writes: "I am a locomotive engineer. I was troubled with my back. Had bad pains and bladder troubled me often through the day and night. I took Foley's Kidney Pills and I was relieved in a couple of days."

If you have reason to suspect that your kidneys are overworked, weakened or disordered, the best thing to do is to give them help immediately. Foley's Kidney Pills come in two sizes, 50c and \$1.00.

# One More Chance To Get This Big Aluminum Cereal Cooker for One Dollar

To Any Housewife  
Who Missed It

Once more we make this offer, but for one week only.

A million homes have been supplied with the ideal Quaker Cookers. But countless new homes in the past year have adopted Quaker Oats.

A wave of economy, plus wheatless meals, have multiplied oat-food users. And millions of them—to get this matchless flavor—are using Quaker Oats.

We want those new users to have Cookers too. So we repeat this remarkable offer.

The cost of aluminum has doubled. Cooker prices have enormously advanced. But we make new users the same offer that we made to old. We will send this big aluminum Cooker for only \$1, all charges prepaid, under offer made below.

This offer is for one week only. It applies only to those who have no Quaker Cooker now. If you are one of them we urge you to accept it.

For Quaker Oats Users

Extra Large  
and Heavy  
Cereal Capacity 2 1/4 Qts.  
Made to Last  
a Lifetime

A Million Homes  
Supplied

We have supplied over a million users of Quaker Oats with an ideal way to cook them. The purpose is to have Quaker Oats cooked rightly.

Quaker Oats—flaked from queen grains only—has a wealth of flavor. Right cooking keeps that flavor intact. It makes the oat dish doubly delightful—makes it easy to digest.

So we had this Cooker made to our order—an ideal double cooker. It is extra large, so little or much can be cooked in it. It is extra heavy, made to last a lifetime.

That is the Cooker—made of pure aluminum—which we offer this week for one dollar, under the conditions below. If you are serving Quaker Oats, or if you will, we want you to have this Cooker.

## \$1 Brings It This Week

Buy from your grocer five packages of Quaker Oats, or of Quaker Best Corn Meal, or five packages of the two combined. Send us your grocer's sales slip for the purchase and send \$1 with it. We will then send this cooker to you, all charges prepaid. This offer is good for one week only, and it applies to this vicinity alone. Address,

The Quaker Oats Company  
1708 Railway Exchange, Chicago

## The Two Chief War-Time Foods

### Quaker Oats

At 1/8 the Cost of Meat

Quaker Oats, measured by food units, is twice as nutritious as round steak. It supplies nutrition at a cost of five cents per 1000 calories.

Meats, on the average, cost eight times as much for the same food value. Eggs cost ten times as much. You can serve six dishes of Quaker Oats for the cost of a single egg.

The oat stands supreme among grain foods, in nutrition and in flavor. It far exceeds wheat in food units.

It is the energy food and the food for growth. It supplies every needed element in just the right proportion. It should be your basic food.

Quaker Oats is flaked from queen grains only—just the big, rich, savory oats. We get but ten pounds from a bushel. So in this brand you get a wondrous flavor without any extra price. All oat foods are doubly delightful if made with Quaker Oats.

### Quaker Best Corn Meal

The Best 60% of the Corn

Next to oats in economy comes Corn Meal. We make an exquisite corn meal, and put it up in sealed round packages.

In Quaker Corn Meal we use the cream of the corn—about 60 per-cent of the kernel.

The fibrous outer coat is removed, because it makes corn meal coarse. The oily germ is removed, because the oil grows rancid. Just the hominy part—yellow or white—is ground to make Quaker Corn Meal.

The result is superlative corn meal, yellow or white. The yellow looks like grains of gold—the white like marble dust. It makes bread and muffins, porridge, puddings and pancakes vastly better than any crude corn meal.

Get the Yellow or White in round packages with tops. See how good corn meal can be.

### PRaises Work of LOCAL RED CROSS

Mrs. Hugh McGibney inspects Various Departments of Rush County Chapter Wednesday

#### FIRST IN ACCURACY OF WORK

Mrs. Hugh McGibney of Indianapolis, state inspector of hospital garments and surgical supplies, inspected the various departments at the local headquarters yesterday.

The work of the Rush county women, in every department, was highly praised by the state representative who stated that the boxes which arrive at the state headquarters from Rush rank first in the state for their neatness and the accuracy with which every dimension is followed. The most difficult of the surgical supplies and the most tiring hospital garments to make, always arrive in perfect condition, and according to Mrs. McGibney, the rigid examination of the boxes arriving from over the state is passed over when the Rushville boxes arrive.

Miss Jean Sparks, a member of the sophomore class in the local high school has been chosen piano accompanist for the high school orchestra. Her first appearance with the orchestra will be at the concert to be given tomorrow evening in connection with the high school play.

Complimenting the Administration on its eleventh hour repentance evidenced by the appointment of Charles M. Schwab to be director general of the Emergency Fleet Corporation, the Washington Post ingeniously remarks: "Some men in authority are so constituted that they cannot bear the thought of sharing responsibility with strong men, for fear that their own abilities may be overshadowed."
